

NEQ SUPERVISION GROUP

As a **CSA Accredited supervisor**, who is experienced with groups, I am setting up a new group for coaches who want to develop, deepen and elevate their practice. Supervision in a Group provides a unique opportunity for learning and development of ourselves as coaches, bringing with it the chance to learn from others, to broaden our own thinking and to understand something about the dynamics, conscious and unconscious that arise in relationships of all kinds. In our coaching, whether with individuals or teams, there will be underlying dynamics at play. When not attended to these have the potential to act as blocks to the coaching process, but when worked with explicitly they can really deepen and develop the quality of the work.

The group, which will commence in the Autumn, will limit numbers to 4 -6 coaches. It will take place on Zoom, once in every 2 months, and will last for 1.5 hours, at a charge of £100 per session. Timings will be arranged to accommodate different time zones.

I believe passionately that coaching supervision is absolutely critical to our own development as coaches, and some of my greatest learning about who I am and how I coach has come from my participation in group supervision.

If you'd like to learn more, do please email me on miranda@cwgsy.net I really look forward to hearing from you and discussing whether this might be the right opportunity for you in your own stage of development.

Supervisee Recommendation

"I've been in Supervision with Miranda for several years now, and have grown immeasurably as a professional with her undivided attention and support.

If you want to challenge and work on yourself, explore what you bring to the coaching relationship and really dig deeply to unearth your unknown potential she is undoubtedly the person to help you.

As far as 'high challenge and high support goes' she's brilliant. I can't recommend her enough." Rachel Morris, Founder of Motion Learning

Miranda comes highly recommended; I know her work well and value her considerable skills. Edna Murdoch, Dir CSA

With warm wishes
Miranda
