Your head, your heart and your soul will thank you!

Your Invitation

Elaine and Karyn from PattersonPrenticeDesigns invite you to join them on their beautifully curated flagship Diploma journey with blends latest thinking with our love of the arts, music, poetry, film, design and nature in a supportive community of like-minded professionals!

We invite you to hear your soul calling to you to gift yourself a precious and spacious year where you can explore the warp and weft of your own unique creativity, as you immerse yourself in the juices and the droughts of the creative cycle and experience first-hand the seasonal joys and frustrations of bringing your own creative project of your own choosing to life.

"I will not die an un-lived life. I will not live in fear of falling or catching fire. I choose to inhabit my days, to allow my living to open me, to make me less afraid, more accessible, to loosen my heart until it becomes a wing, a torch, a promise. I choose to risk my significance; to live so that which came to me as a seed goes to the next as a blossom and that which came to me as a blossom, goes on as fruit."

Dawna Markova, Ph.D WRITER, SPEAKER

Why Now?

As we resonate with the vibrations of all that is happening in our own lives and on the world stage, we believe that creativity's connecting energy, messiness, playfulness, compassion and courage is needed more than ever as we dare to re-imagine what is possible in whatever field we truly care about - and then to make it happen.

Join us to discover how creativity can be seen as our new meta skill and superpower – whatever our field - to live a life full of joy, hope, meaning, vitality and contribution – and to then be able to share that with others.

"You can't use up creativity. The more you use, the more you have."

Maya Angelou

Our Design

The Diploma is divided into six modules – the six creative thresholds – over the year as we dance with Nature’s natural rhythms. Each module combines theory and practice with poetry, practices, podcasts, webinars, community gatherings, virtual trio cafés meet ups and 1:1 ‘creatorials’ with us! The learning is fun, experiential and experimental combining magic and mystery with the practical and the pragmatic.

“Creativity is allowing yourself to make mistakes. Art is knowing which ones to keep.”

Scott Adams

What some of our Past Participants say...

“Tapestry is more than a course on creativity; it is an experience of life as creativity. Every aspect of the program is designed to evoke the creative energy in each of us. Karyn and Elaine are masters at creating safe spaces for the creative process to emerge and grow. Tapestry helped transform how I think about myself as a writer”.

Ken Giglio, Mindful Leaders, USA

“The program is curated with so much love, insight, care, knowledge, and consideration of all participants and where they are in their life, personally and professionally. It is a deeply personal pilgrimage filled with new insights, connections, exploration, trust, curiosity, and inclusiveness. We always had your fullest of attention, loving fostering, and tender holding when the stuckness hit, only to come out stronger on the other side.”

Ursula Clidiere, Coach and Coaching Supervisor, Switzerland

“It is by far too simplified to call Wholehearted Tapestry a mere 'course'. Being part of this experience will hold you safely on a yearlong journey as you challenge and alter the way you see yourself, others, nature's seasons and your place in the world. Wholehearted Tapestry was a coming home to myself, my deep-rooted creativity, and my life purpose. I cannot recommend the course or the trainers enough!

Gillian Walter, Inside Out Coaching and Supervision, Switzerland

“The Tapestry program proved to be a multisensorial extravaganza! I discovered a delicious bounty of heartfelt connections not only with Karyn and Elaine, and the participants, but with nature, with spirit, and with my creative soul.”

Elizabeth Fowler, MD, Spiritual Director, Life and Leadership Coach, USA
